About Us

PJ Transitcorp Talent's Human Resources Solutions division, offers a very professional staffing and recruitment services across variety of industrial sectors and follow the best practices to support the requirements of your organization in all aspects of human resources and in all your employment administration.

Our services

Staffing

With our streamlined staffing processes, we help you find the top candidates and access diverse talent that will make your business thrive in contract staffing, executive search, permanent staffing and contract-on-hire services.

Payroll Management

Our hassle-free payroll services would provide access to our efficient and trusted experts who cut short your time spent managing and processing payrolls. With our extensive range of solutions and services, your organization - be it a MNC or a small business, can enjoy an online payroll process which is timely and accurate.

Statutory Compliance

We empower our clients to work without any qualms and let you focus entirely on managing the business and making it successful. We act as a reliable HR compliance services provider in a volatile market like India.

Why choose us?

Speedy response time

We have for years now being in the business of recruiting talent, and so we have a database of candidates that will excel on their job.

Specialized division

Each of our expert recruiters understand the inherent skill and ability that will be needed by a candidate to excel on your job.

Strict adherence to quality and process development

The business model we use at Transitcorp Talent, is one whose process for recruiting and managing temporary workers follows a particular pattern.

Well-screened and capable candidates

Our recruiting and screening process is one that only gets to select qualified set of candidate who poses the skill set needed to succeed on the job.
